R Coconut Milk, White

1.5 oz Malibu rum
1.5 oz milk
1.5 oz Kahlua

Combine all ingredients over ice and stir. As you drink, feel oncoming sense of comfort and fear as you realize that you just drank something with Malibu Rum in it that you actually enjoyed. Next, see irony in thinking Jimmy Buffet is crap while at the same time thinking Martin Denny is some kind of genius. Realize it's all just music.

Well, this drink may not have that exact affect on you, but I would like to point out that the ingredients are easy to find and it's easy to make. In fact, I ordered it at the R-Bar.

1 part	Captian morgan spiced rum
1 part	cream de almond
4 parts	Sprite or 7up

In a tiki mug it's "Tiki Blood" but any other time I like "Pirate's Blood" It's a pretty red color (would look great in a skull mug!) It's sweet like all of us here on TC, superduper easy to make and order in ANY bar (they all have Creme de Almond and Captain!) To sour it up you may add a dash of sweet & sour or lime but how listed it tastes like cotton candy. mmmmmmmmm!

Fill the bottom of a Hurricane glass with rum and strawberry mixture. Pour banana/coconut/pineapple mix slowly into the glass. The strawberry/rum mix should creep up the sides of the glass to resemble flowing lava. Enjoy

1 oz	Saint James rum 15 year old
1 oz	Appleton estate extra rum
0.5 oz	Marie Bizzard Curacao
0.25 oz	Trader Vic's Orgeat syrup
0.25 oz	Trader Vic's Rock candy syrup
1 oz	fresh lime juice

Crush enough ice to fill a double old-fashioned glass, and put the ice in your cocktail shaker. Add all the above (we know, the Grog Log specifies 1 1/2 ounces lime, but for some reason, with these rums, one ounce feels right. More and the lime dominates, less and the result is too sweet). Drop in a lime shell and shake everything like hell for around ten seconds. Finally, pour it all into your double old-fashioned glass, add more crushed ice to fill, and garnish with a sprig of mint.

Serve over crushed ice.

Ok, I've tried this out and it seems to work. I used Appleton Estate VX for the rum, Disaronno for the amaretto, and the usual juices. Those who like a sweet drink, lessen your grip on the fresh lime. For those who like it sharp, please tighten your grip. I'd go for normal ice rather than crushed, and for those who want to see pink elephants sooner than later could do worse than to add an ounce of decent brandy.
